Experience

Tutorials Dojo
QA Tester / App Developer & UI/UX Designer Intern (Part-time) — May 2026 – Present

- Tested mobile applications manually ahead of their Google Play Store release to confirm they were stable and ready for public use.
- Identified, documented, and reported 15+ bugs, usability issues, and performance concerns to the development team, helping improve app quality and user experience before launch.
- Designed the UI/UX and developed TarotTail, a mobile app published on the App Store, taking it from concept and wireframes through to a live release.

Educolor
Systems & Web Developer Intern (Part-time) — May 2026 – Present

- Designed and implemented automated systems and workflows to replace repetitive manual administrative tasks, saving an estimated 6-8 hours per week.
- Built and maintained tracking tools, databases, and reporting systems that improved team coordination and visibility.
- Developed and maintained the organization's website, handling updates, content changes, and ongoing upkeep to keep it functional and current.

KadaKareer
Internship - Junior MS - Communication — January 2026 – July 2026

- Managing communication touchpoints (e.g., email updates, community groups, event reminders) to maintain active and informed stakeholders.
- Monitored community group conversations and responded to inquiries promptly, helping maintain an active, well-organized community.
- Onboarded koaches to support the organization and its students, guiding them through the platform and processes so they could start mentoring effectively.

Talent Source
Internship - Social Media Manager — July 2025 – September 2025

- Planned and executed multi-platform social media campaigns that increased brand visibility, growing engagement by roughly 25% over 3 months.
- Created and scheduled a content calendar of posts, graphics, and captions aligned with the brand's voice and campaign goals, publishing 3-5 posts per week.
- Tracked post performance and engagement metrics to identify top-performing content, then adjusted the content strategy to improve reach.

Leadership and Activities

Google Developers Groups – HAU Campus Angeles City, Pampanga
AI/ML Staff 2025 – 2026

- Supported AI/ML project initiatives and workshops through research, data preparation, and model testing.

Cybersecurity Intelligence Alliance Angeles City, Pampanga
Computer Science Relations Officer 2025 – 2026

- Facilitated partnerships and information exchange between computer science organizations and cybersecurity experts.

Amazon Web Services (AWS) Learning Club Angeles City, Pampanga
Vice Chief Operations Officer 2025 – 2026

- Oversaw club operations, event logistics, and learning initiatives focused on AWS technologies.

SOC-CSC Council Angeles City, Pampanga
Councilor for Logistics 2024 – 2025

- Managed logistical operations for university-wide events, ensuring efficient coordination and execution.
